

# BetterClinics

A RECKON PRODUCT 

## Practice management software for health and fitness professionals

From scheduling to managing your finances - you can do it all on a single online platform

# Why Better Clinics?

Better Clinics lets you easily manage appointments, scheduling, finances, marketing and client & staff management for your health practice all on one secure, beautifully designed system.

## Appointment scheduling & online booking

Powerful scheduling software that streamlines operations with automatic appointment reminders and 24/7 online booking.

## Customer management

A secure, central database including client contact details, documents and clinical notes so you're prepared for every appointment.

## Finances & accounting integrations

Record payments, create invoices and track expenses on the go. Generate 40+ reports or view the dashboard for a real-time snapshot of income and sales.

## Marketing

Communicate with clients via SMS or email with a special offer or to keep in touch between appointments. Connect to email marketing platforms like MailChimp.

## Team management

Manage multiple practitioners, different services and pricing with ease. Set-up multiple logins with individual access permissions so they can control who sees what.

# Integrations

Our range of third party add on products extend the power of Better Clinics, helping you to customise an integrated practice management software solution that suits the needs of your business.

Better Clinics currently integrates with Reckon One, Xero, Quickbooks, Physitrack, Mailchimp, Tyro and more!

# Plans to suit any sized clinic

Pricing starts from \$19 per month - making it perfect for any sized health and fitness business.
